The Leap List ·

PREOWNED CAMERA
CHECKLIST

- ○ Inspect the camera body for dents, scratches, or signs of impact.

- ○ Check the sensor for scratches, oil, or dust using a flashlight.

- ○ Inspect the lens (if included) for haze, mold, or scratches

- ○ Test all buttons, dials, and the LCD screen for functionality

- ○ Check the battery and charger; ensure it holds a charge.

- ○ Note the shutter count but focus more on sensor and function.

- ○ Test all ports (USB, HDMI, mic input) for proper operation.

- ○ Take sample photos and videos to verify image and video quality.

- ○ Ask for proof of purchase or original receipt.

- ○ Buy from trusted sources
